

MATH CIRCLE BOARD · SESSION RECAP

Saturday Problem Circle — sample

Invariants in motion

Aug 29, 2026

Focus: What stays unchanged after every move?

3 learners	3 problems	1 shared attempts
---------------	---------------	----------------------

Ada	The coin trail Marked the odd gaps, then tested rows of three and five coins. Strategies: Try a smaller case · Track what changes	🕒 Exploring
Noor	The coin trail Used red and blue marks to show that the number of odd gaps keeps the same parity. Strategies: Color-code cases · Look for an invariant	✓ Shared
Milo	Corner cuts Drew four cuts and counted sides instead of corners. Strategies: Draw a diagram	🕒 Exploring
